

FynAccounts ERP

Complete Installation Guide & Enterprise User Manual

Version 2.4.0 (Enterprise Commercial Release) | Document Edition: September 2026
Designed & Developed by Codefyn Technologies

[EXECUTIVE OVERVIEW] This official documentation provides full end-to-end instructions for deploying, configuring, and operating FynAccounts ERP. It includes initial installation, default administrator credentials, accounting workflows, Google Drive automated backups, and online/offline license activation.

1. Quick Access & Default Credentials

Immediately after installation, you can log in to FynAccounts ERP using the built-in Master Administrator account:

Parameter	Default Value / Details
Default Username	admin
Default Password	admin
Access Role	Super Administrator (Full System & Financial Access)

[SECURITY RECOMMENDATION] For business security, navigate to 'Security Settings' -> 'User Management' after your first login and update the administrator password.

2. System Requirements & Hardware Specifications

Component	Minimum Requirement	Recommended Specification
Operating System	Windows 10 64-bit (Build 19041+)	Windows 11 64-bit / Windows Server

		2022
Processor (CPU)	Intel Core i3 (4th Gen) / AMD Ryzen 3	Intel Core i5 (8th Gen+) / AMD Ryzen 5
RAM / Memory	4 GB RAM	8 GB to 16 GB DDR4/DDR5 RAM
Storage / Disk	500 MB free disk space	Fast SSD NVMe with 2 GB+ space for backups
Display Resolution	1280 x 720 (Standard HD)	1920 x 1080 (Full HD, 100% or 125% DPI scale)

3. Step-by-Step Installation & Setup Guide

- **Step 1: Download / Extract Setup Files:** Obtain the official FynAccounts ERP distribution folder (e.g. `FynAccounts\_ERP/`) or installer setup package from Codefyn.
- **Step 2: Windows Defender / SmartScreen Verification:** If prompted by Windows SmartScreen with 'Windows protected your PC', click 'More info' and select 'Run anyway'.
- **Step 3: Launching the Application:** Double-click `FynAccounts\_ERP.exe`. The application will initialize the secure embedded SQLite engine and open the Login screen.
- **Step 4: Create Desktop Shortcut:** Right-click `FynAccounts\_ERP.exe` -> Select 'Send to' -> 'Desktop (create shortcut)' for easy daily launch.
- **Step 5: First-Time Setup Wizard:** Upon first launch, enter your Company Details (Company Name, GSTIN, Address, Financial Year starting April 1st).

4. Comprehensive User Manual (Core Modules)

4.1 Dashboard & Financial Analytics

Provides real-time business health monitoring: Total Monthly Sales, Receivables, Payables, Net Profit, Stock Valuation, Low Stock Alerts, and Recent Transactions timeline.

4.2 Chart of Accounts & General Ledger

Standard double-entry accounting engine following Indian Accounting Standards (Ind AS). Manage Assets, Liabilities, Equity, Revenue, and Expenses. Automatic journal generation for every invoice and payment.

4.3 Sales & Invoicing (GST Compliant)

Create Quotations, Delivery Challans, and GST Tax Invoices. Supports multi-rate GST (0%, 5%, 12%, 18%, 28%), automatic CGST/SGST/IGST calculation, Dynamic UPI QR Code, Code128 Barcode, and PDF export with authorized stamp & signature.

4.4 Purchase Management & Vendor Bills

Record Purchase Orders, Vendor Invoices, and Debit Notes. Automatic Input Tax Credit (ITC) tracking and vendor ledger balancing.

4.5 Inventory & Warehouse Management

Multi-warehouse stock ledger, item barcode generation, HSN/SAC code mapping, FIFO & Weighted Average stock valuation, batch tracking, and automated reorder notifications.

4.6 Banking, Payments & Cash Register

Bank accounts management, Cash-in-hand register, Cheque tracking with clearance status, Bank Reconciliation Statement (BRS), and Contra entries.

4.7 Taxation & GST Reports

One-click GSTR-1, GSTR-3B summary tables, HSN-wise sales summary, tax liability reports, and audit trail logs.

4.8 Financial Statements & Audit Reports

Instant Balance Sheet, Profit & Loss Statement, Trial Balance, Cash Flow, Customer/Vendor Aging Reports, and Tamper-Evident Audit Logs.

5. Automated Google Drive Cloud Backup & Vault Encryption

FynAccounts ERP includes enterprise-grade zero-knowledge cloud backup integration with Google Drive:

- **Zero-Knowledge AES-256 Encryption:** All database files are encrypted locally with a customer-specific key before leaving your computer. Even cloud storage providers cannot inspect your financial records.
- **One-Click Google OAuth 2.0 Integration:** Connect your company Google Drive account securely via Google OAuth 2.0 without entering raw passwords.
- **Automated Daily/Weekly Cloud Sync:** Configurable automated background backups ensure zero data loss in case of hardware malfunction.
- **Safety Rollback & Hot Checkpoint:** Restoring a backup automatically creates a pre-restore safety snapshot to guarantee zero data loss.

6. Subscription Plans & License Activation

Every new installation includes a 14-Day Full-Featured Free Trial. At any point during or after the trial, you can choose from our standard commercial plans:

Plan Name	Billing Price	Frequency	Key Features Included
Starter Monthly	₹ 199	Per Month	Single Company, GST Invoicing, Cloud Backup, Standard Support
Starter Yearly (Best Value)	₹ 1,999	Per Year (~₹166/mo)	All Starter features + Multi-Company, Priority Updates & Phone Support
Starter Lifetime	₹ 4,999	One-Time (10 Yrs)	All features, Lifetime Database License, Premium VIP Support

How to Renew / Upgrade your License:

1. Navigate to the top navigation bar or menu and click 'Subscription' or 'Renew / Upgrade License'.
2. Select your preferred subscription plan (Monthly, Yearly, or Lifetime).
3. Click 'Pay Online with Razorpay' -> A secure checkout window will open supporting UPI (GPay, PhonePe, Paytm), Credit/Debit Cards, NetBanking, and Wallets.
4. Once payment succeeds, your license will activate immediately and automatically.
5. (Offline Activation): If paid via direct bank transfer, enter the Razorpay Payment ID or UTR in the 'Verify Payment ID' field to activate instantly.

7. Troubleshooting & FAQ**Q1: What happens when my 14-day trial expires?**

Your financial records and database remain 100% safe. Financial transactions will be paused in read-only mode until a subscription plan is selected.

Q2: Can I use FynAccounts ERP without internet?

Yes. FynAccounts ERP runs 100% locally on your PC. Internet is only required for Cloud Backup sync and online subscription renewals.

Q3: How do I transfer my data to a new computer?

Create an encrypted backup from 'Backup & Restore' -> 'Export Local Backup' or sync to Google Drive. On the new PC, install FynAccounts ERP and select 'Restore Backup'.

Q4: Where is my data stored locally?

Your SQLite database is stored securely in the application data folder ('data/enterprise_accounting.db').
